About Us

We manufacture heavy duty and high-quality Truck Parts, Trailer Parts and Tooling designed for long life and reliability.

Our parts have been field tested in tough Australian, Papua New Guinea, Indonesia and U.S.A conditions including mine sites, off-road and logging sites to make sure they perform.

Our design and innovation in manufacturing produces the reliability and cost effectiveness required in today's market.

Our Philosophy

If it works well in the tough Australian conditions then it will work anywhere!
